Making it . . .

At 8:10 a.m. the students begin filing through the doors. The assignment that lies ahead is not an easy one. They must MAKE IT through another day at Washington High School.

Platform shoes, sunglasses, and different style hats are not uncommon as everyone tries to MAKE IT in the fashion scene.

The bells begin to ring, and students head for class. Tests and homework seem to be the only things teachers think about, and now you must cancel tonight's plans so you can stay home and do your homework. That's the way things go as you try to MAKE IT through the brain strain.

. . . *in fashion*

Making it . . .

. . . go down

Finally, there is a break in your monotonous schedule of classes. It's time for lunch, and you're faced with the challenge of MAKING the food go down. Most of the time, this seems an easier task than it's made out to be.

Soon after, the school day is over. Maybe there is a meeting of a club you belong to. Or, if you're involved in sports, you go to practice, where you are MAKING IT with your muscles.

Many things are changing today. People are becoming closer despite differences in language and culture. Some can only hope things continue in this direction, but—

YOU CAN MAKE IT HAPPEN!

Making it . . .

A typical day in a high school student's life. One challenge after another, ranging from getting up in the morning to worrying about the three tests you have that day. But quickly it's over. 3 o'clock arrives, and you can relax . . .

Until the next morning, when . . .

. . . through the day

Our Day Begins

No matter how early in the morning the student starts his classes, coming to school is one of the worst parts of his day. First he has to wait for the doors to open, then he tries to open his locker, which always seems to jam. Finally he can begin to "stroll" the halls before the bell announces his first class.

The Obstacle Course

The most active spot in school, besides the classrooms, has to be the hallways. They are the major highways in our everyday school lives. No one is really sure what you'll see next.

Snooze or Study?

When you had a late night with your girl, or your boss kept you past closing time; this is the place to catch up on some sleep—but most students do get work done and learn something new.

Assemblies

On Fridays the students get a chance to yell and scream, and the teachers don't care at all. Here and at the games is where our "Panther Spirit" really shows itself.

Finally—It's Over!

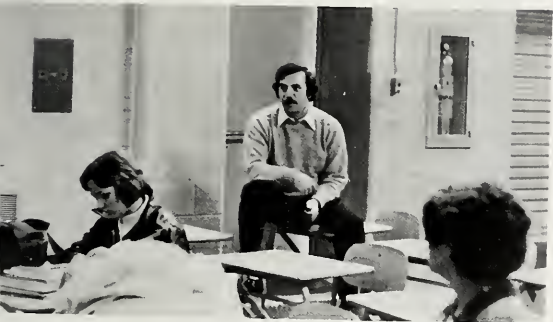

5 . . . 4 . . . 3 . . . 2 . . . 1 . . . the bell rings and the rush for the buses and cars begins. The lockers slam and moans are heard when the students realize how much homework they have acquired throughout the day. Though for the most part everyone relaxes when that final bell rings; they still must get ready for the bell that will ring the next morning.

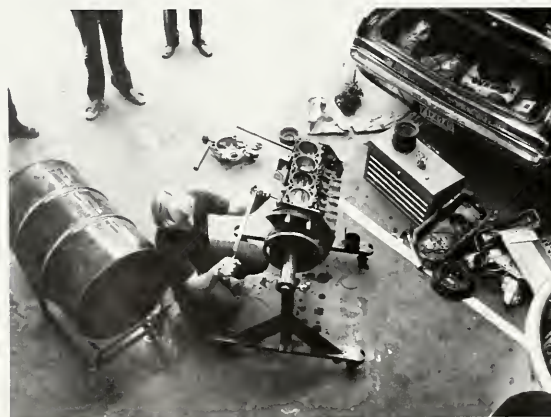

Another Day—Another Class

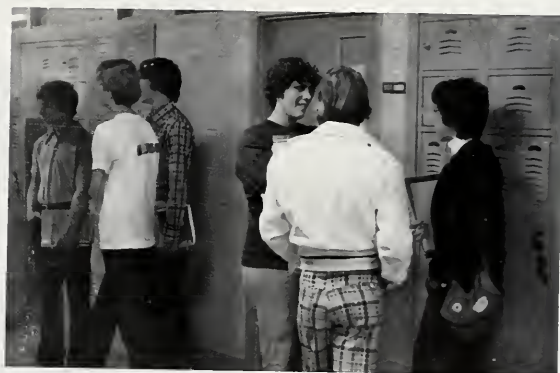

A student's life can be a hassle sometimes, especially in a large west end high school. You can never be sure what you'll see in or around the school. From the parking lot Saturday morning to the dress shop after school, students are themselves 24 hours a day.

Definitely Not a Typical Day

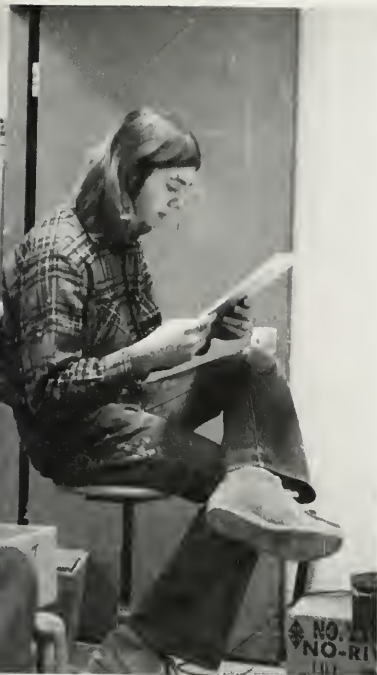

From the depths of the auto shop to the heights of the gym, from the regions of the cafeteria to the passages of the halls, students will still be involved with their school even though there aren't teachers to supervise them. They have clubs and activities in which they are constantly involved.

What Next?

There is a lot in store for each one of us next year. Most will be back to face another year at Washington, while some will leave this "home away from home" never to return again. Four years seem like a long time, but in reality, it passes very fast. And when those four years are over, many students find themselves wondering—

What Next?

Making It . . .

As each student comes to Washington, he has his goals, his own ambitions, his own dreams. Maybe his goals are to study, learn of civilizations that crumbled apart many years ago, know what they valued, the reasons for their wars, or come to an understanding of our vast universe, the unseen forces which govern it, or merely comprehend how one minute DNA chain functions in a cell. Or maybe the culture and language of another people is the knowledge he wants. All this, and more, awaits those whose goals are to conquer the wide expanse of knowledge.

...through the brain strain

A Cool Million Plus More

Following the retirement of Mr. Thompson, Mr. Robert Million became our new principal. Mr. Million has attempted to establish a rapport between himself and the students, and he is succeeding. Since he was once both teacher and coach, as well as Assistant principal, he is familiar with all order of student life. Washington is fortunate to have such a loyal, dedicated and concerned administrator.

Mr. Cohen has interest in all student affairs, which is made obvious by his varied responsibilities. He is involved in Student Council, Human Relations Board, PVE, and the Yearbook to name a few. James Cohen's enthusiasm and participation in Washington's activities help our school run smoothly.

After a one-year absence, Mr. Peregrine has returned to Washington High as an Assistant Principal. He does not work only with discipline problems; his other tasks are working with the counselors and with budgeting. Philip Peregrine is filled with Panther Pride, and it's good to have him back at Washington.

Secretarial Staff

Washington's excellent secretarial staff handles many tasks requiring ample responsibility and infinite efficiency. These women take care of communications and do the necessary bookwork to keep up with the steady stream of new ideas among faculty, students, and staff.

Good Guidance Heads Are Hard to Come by

Our guidance counselors assist students in a variety of different ways. They work with student attendance and class problems; they also help them choose careers and colleges. In addition, counselors are always on hand to help students with personal problems.

From Bach to Beatles

Many of Washington's students are involved in the Band, Orchestra, and Vocal Music Departments. The band played at halftime at the Ball State-Akron, Ohio football game last fall and did a fine job representing our school. All sections of the music department joined together to present annual programs.

Washington remains the only city school to offer Astronomy and Meteorology, an interesting class dealing with the stars above us and the climate around us. Traditional courses such as Earth Science, Biology, Chemistry, and Physics round out Washington's Science program. These concerned teachers are molding young men and women into future scientists, and helping them to understand our advancing technology.

A knowledge of Home Economics is always beneficial, and Washington is fortunate to have such modern facilities in this department. Consumer Homemaking, and Interpersonal Relationships are offered for Freshmen. Sophomore courses include Foods and Family Health. Juniors and Seniors can choose from Human Development, Family Relations, and Home Decorating. Bachelor Basics which includes laundry guideline, clothing and cooking is also available.

Many Tongues Spoken Here

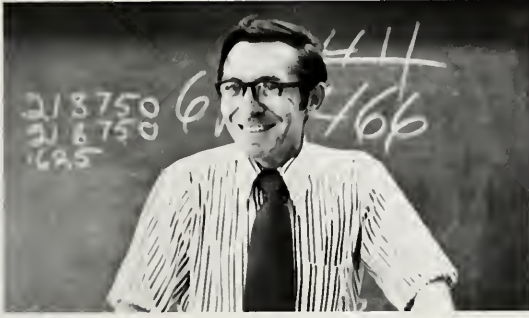

Foreign language students this year in Latin, German, French, and Spanish were interested and involved in foreign travel. Students had the chance to study the culture and lifestyles of the people in other countries. Latin stories, German plays, French records, and Spanish games make individual classes interesting. The students also spent time conjugating verbs, constructing sentences and memorizing tenses.

The purpose of Industrial Arts is to expose students to industry and consumer materials and to the unique pattern of human relationships to industry. Programs offered at Washington are: Woods; Machine Shop, Drafting, and Auto Shop. After two years of studies at Washington, students are able to take additional courses at the Central Career Center.

English Ain't

Science fiction, Sports, Creative Writing and Debate are just a few of the many English courses offered to students. Choosing from a wide selection of nine and eighteen week courses, every student is able to find a class he's interested in.

Artists Develop Talents

With the chance to work on their own, Washington's artists are eagerly pursuing their own interests in drawing, painting and pottery. A two-hour program enables the students to work independently in a studio environment. New freedom in the Art Department helps develop student creativity; students learn to channel their own feelings into works of art.

Sound Minds in Sound Bodies

This year the Health program has been changed to a semester course rather than a full year. During this time, the study of first aid, drugs, and social behavior helps prepare students for all aspects of life. Physical Education walks hand-in-hand with Health by installing coordination, competitive spirit, and confidence within students. At Washington, students become well-rounded individuals, physically as well as academically.

Getting Down to Business

The Business Department is probably the most practical department at Washington. With many nine and eighteen week classes to pick from, students can choose courses they are interested in. Typing, shorthand, taxes, and job applications are most beneficial classes for those interested in a business career.

. . . *Their Speciality*

Making It . . .

Making it with your muscles is a large part of growing up. Here at W.H.S. the athletic program is very popular. Pride is an asset to the players. Making it in athletics does not always mean winning, but also learning to accept failure. Athletes develop a good mental attitude towards other people. Making it in sports means developing the body to its best condition. If you learn that winning is not all there is to sports, then you will have truly made it with your muscles.

It's South Bend Washington against the rest of the Indiana High School Football world. In preseason ratings, the Washington Panthers were ranked 28th in the nation! This plus the fact that the Panthers are the reigning IHSAA First Class AAA CHAMPIONS made their job a lot tougher. The other teams had one thing in mind, defeat the Green Machine. Some teams were successful, our all time rivals Elkhart Central and Mishawaka, but the other teams fell to the Panthers' feet just knowing they were the roughest and best-coached team in the state.

The Green Machine started out on the long road of keeping the title "STATE CHAMPIONS". This year's team began the season with PRIDE and ENTHUSIASM.

"We want Beans", "We want Beans". The call of a great coach.

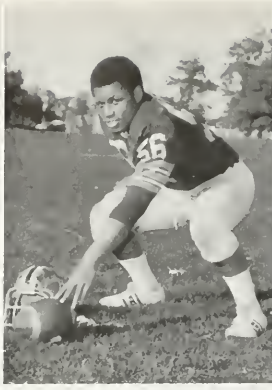

The Green Machine has the spirit to defeat any team.

Billy Givens, all-conference Center and Linebacker. UPI first team Center, AP third team Center.

Larry Dippel, UPI first team Linebacker. AP & NIC Honorable Mention Linebacker.

Michael Taylor, UPI first team Def. Lineman. NIC Honorable Mention Def. Tackle.

Alan Rzepka, all-conference QB and Def. Back. UPI first team Def. Back and AP first team Def. Back and second team QB.

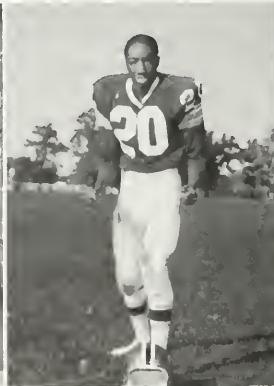

The Panthers were rated No. 1, and they had that No. 1 spirit backing them. To make coming back to school a pleasure the Panthers went to Gary West on August 30 and turned them upside down with a score of 31-8.

The Green Machine slaughtered East Chicago Washington hands down (or was it?). Alan Rzepka handed off to Reggie Magee and Jerry Jennings for touchdowns. John Byers used his gift of grab to steal the ball and raced 40 yards for a TD. The football seemed like a magnet to Larry Dippel, Delbert Lane and Dennis Wheeler who did the fumble recovering for the team. Rzepka and Bob Porter, who were at the right place at the right time on defense, both accounted for an interception. Panthers triumphed 44-0.

Jennings doing what he does best. With 144 carries he gained 720 net yds. He finished with an average of 5 yds. a carry. He was the 2nd leading kickoff returner with an average of 17 yds.

It was Friday the 13th when the undefeated Panthers met their fate with Elkhart Central. The Blazers dominated the first half, but the Panthers held them to a 7-0 lead at the half. The Blazers finally received the breaks after losing to the Panthers the last two years in the last seconds. The Panthers' 16 game winning streak and dominance of the ratings was shunned 27-0.

The Panthers, not taking their defeat badly, plowed over Michigan City, Elkhart Memorial, Riley, and Adams by scores of 26-7, 20-14, 30-0, and 28-20. These victories brought the Panthers' spirit back to life.

Another game for life or death for the playoffs. The Mishawaka Cavemen were out for revenge on the Panthers. The Panthers needed the win for a chance to get into the playoffs. Revenge for the Cavemen was difficult to receive, only defeating the Green Machine 14-7.

The Panther's average score per game was 22.8 points their opponents average was 10.0 points.

Bob Porter finds out returning the football is a rough task. He had 14 punt returns for an average of 8 yards each.

LaPorte wanted to do what Mishawaka did to the Panthers, but to their surprise the Panthers won 14-3.

Finally, the Panthers met with their Westside neighbor LaSalle on a warm November evening. The Green Machine scored in the first few minutes of the beginning of the game. Then, the Lions came back to tie the score 7-7 before the half. The Panthers did their thing and defeated the Lions 24-7.

This year's 1974 Football squad was under the leadership of Coach "Beans" Van Camp. The final product of his work was a torrid, well-oiled Green Machine. This brought the Green to a very respectable 8-2 record.

Defense had traditionally been associated with Washington, and this year was no exception. Coach Jerry Klaybor took pride in his work and turned out a first-rate defensive squad.

Offensive Line Coach, Leonard Kapsa, brought the Panthers into the game mighty enough to run over any defense. Thus he walked away from the headphones on the sidelines for the final time, capping a career began here in 1957.

Coach Pat Gullifor, with his knowledge of the game, was instrumental in guiding the offensive and defensive backs. The backs played a major part in guiding the West Side Panthers into victory.

The Freshman squad, under the leadership of Coach Mike Sipotz, topped their season with an untouchable 6-0-1 record, and a city championship.

Coach Joe Redling, the Athletic Director at Washington, played a major part in assisting the Freshmen to their title.

Coach Killeen and his 1974 Varsity Tennis Team, with a 1-12 record had a disappointing season in spite of great team spirit and fine individual effort.

Headed by seniors Ed Runyan, Pete Zielinski, and Mike Waumans, the team went on to defeat John Glenn H.S. in the sectional matches by a score of 5-0 but lost the second sectional match to La-ville. LaVille went on to play Adams in the final.

The squad with this year's disappointments behind them look forward to a more prosperous 1975 season.

A First at WHS

This was the first year W.H.S. was able to have a B tennis team. Despite the lack of experience, and the fact that our players had to play opponents who have been "playing the game" for some time, the B-teamers never "let up" and finished the season with three victories. In the W.H.S. B-team Tournament, Mike Yates finished in first place with Andy Pyfer finishing second. Many of this year's B-team will have a good chance to play varsity next fall.

Cross Country Shows Promise

The W.H.S. Cross Country team had a season marked by total team effort and motivation. Most of the meets they lost were by slight margins. They won three of twelve, those against North Liberty, New Prairie and Elkhart Memorial.

Coach Stallworth points out that it takes something special to be a runner. "We take pride in what we do."

The team was led by Kevin Days, Chuck Minor and Kevin Henderson. Days had the fastest time on the team this year: 13:42 for 2½ miles.

In sectional play with over 200 runners, three Panthers finished in good standings for the team. Kevin Days came in 45th, Chuck Minor came in 53rd, and Kevin Henderson came in 66th.

All-in-all the season proved very productive to the team members because of the experience they gained. The team has pride for next year's season.

Chuck Minor had the most 2nd place finishes for the team this year.

Kevin Days had the most 1st place finishes, with the team's top time for the 2½ mile run: 13:42.

The Girls Volleyball Team under the coach Miss Shively finished a difficult and trying season, entering the sectional matches.

The Varsity Squad, led by senior spikers Ruth Clacys and Diane Smigeilski, won their matches against Clay, Penn, and St. Mary's for a 4-6 record at season's end. In sectional play they dropped their match to LaSalle, ending their season 4-7.

The B-team had a 5-5 record after defeating Jackson, Clay, Penn and St. Mary's, and finished the season 5-6 when they lost their sectional match to Riley.

Both teams were better than shown by their records. But records don't tell the whole story. The '74 volleyball season was marked by a togetherness and team spirit that is very rare.

Green and Proud

The life of a W.H.S. cheerleader is full of many joys, frustrations, and emotions. Whether the teams are winning or losing, the spirit of the cheerleaders never lets down.

Cheerleading is a year-round job—of cheering for sports, sponsoring a cheerleading workshop for junior high squads, practicing during the summer and going to camp.

The Varsity and “B” squads went to N.C.A. Cheerleading camp the first week of August at Vincennes University, Ind. One of the two most important awards given at camp is the “Spark Plug” award. This award is voted on by all the squads and given to the most spirited squad at camp for the week. Our W.H.S. Cheerleaders were honored to bring it back to school for the first time this year.

Coach Subby Nowicki opened up his 17th season as coach at S. B. Washington with not a single returning letterman. Riddled by graduating loss and hurt by the lack of experience, he put together a young squad thirsting for the taste of competition.

The Panther team had quite an uphill climb. Boasting not a starter over 6-3, having not one returning letterman, and playing against some of the state's best, the Panthers were determined to challenge its 74-75 schedule.

The Panther's hopes were high, but reality soon set in. Troubled by game-playing conditions, the Green slowly learned how to cope with the bigger squads as time passed. This valuable playing time set the pattern as the season progressed. Challenging the Panthers were the states best: S.B. Adams, Hammond Clark, Michigan City, North Judson, Mishawaka, and Huntington, just to name a few.

The loss of a game by a small margin or large did not affect the teams growing determination to keep on playing. The Panthers played many games to the end with very close scores only losing by a

few points in the final seconds of play. Even though the team had a larger number of losses, Mr. Nowicki and his players spirit were never given up.

The Panther's spirit showed itself in the sectionals. The Panthers defeated La-Salle whom they had fallen to twice before; they were then called upon to face the state's 2nd ranked team, Adams, to whom they lost by a close score 66-62.

The foundation was being set for the 1975-76 season. With a top notch crew of Juniors returning with that sorely needed experience, the Green can look forward toward a respectable season next year. This year the Green had never died fighting till that final buzzer. They fell short on numerous times away from home, but their determination and Panther spirit were two characteristics that never befell them. Though the record was not one the best around 4-17, the Green had accomplished a true desire to win and with that well-deserved experience and returning starters to next years squad, the Panthers from Washington are already on their way to a sound, fundamental start for 1975-76.

The Freshman team ended the season with a 9-2 record which tied them for first place with Central II. The two games lost were only by one and two point margins, St. Joe 37-35 and Schmucker 47-46. The qualities of the team that kept them going were their quickness, team spirit, and their aggressiveness on the playing floor. Coach Solmos believes that defense is the most important asset to the team. The freshmen's only weakness is their height. The tallest man is only 5'10". The Freshmen show good potential for next year, as was widely shown during the sectionals where they captured the "CITY TITLE".

Girls Swim Team

This year's swim season has been one filled with ups and downs. Disappointment was always widely felt since the team lost all of its contests. One of the major reasons was the lack of participants. This team had lost 3 meets by 15 points or less, and 2 meets by 20 points or less. Because W.H.S. can't fill all the events with three swimmers, nine points are given away every meet. Considering this fact, those team members now swimming are doing an outstanding job. With only 2 or 3 additional trained swimmers, W.H.S. could have won five of its last duel meets.

A full squad would consist of six 4-girl relay teams, and three girls in each of twelve events. The team consists of 15 members, but should have twice that number.

Our greatest asset is that the team is a young one. With freshman coming out next season, we have a positive outlook for the future.

Boys Swim Team

The 1974-75 season proved to be a hectic one. The squad had eight returning lettermen but weren't quite able to get it altogether. Evidence for this is seen in the dual meet results. We only won three meets. But, there were five meets that were extremely close; two were lost by 10 points, one by 5 and one by 2. Actually then, 35 points made the difference between a losing (3-10) season, and a winning (8-5) season.

Despite the dual meet record the championship meets brought encouragement. In the city meet we defeated Riley and Lasalle. In the conference meet we beat them again, and also Mishawaka and Michigan City Elston.

Not only did we see some improvement in the won-lost column, but in individual performance as well. We drew heavily on the talents of the four seniors but some underclassmen came on stronger at the end of the season. If we get support from the student body next year could be a better one; maybe that season could be the one when we get it all together.

Blood, Sweat and Tears—a fitting name for the 1975 Panther Wrestling team. Anyone who came to a few wrestling practices could see that blood is actually shed due to injuries during the aggressiveness of the sport. Sweating is very common to a wrestler who many times has to shed a few extra pounds through hard work. The tears come with the agony of defeat.

Several fellows came out for wrestling at the beginning of the season, but few of them had the desire, strength or endurance to make it through the full season. It takes quite an individual to perform well in the classroom, at home, as well as on the mat for a full season.

When asked what keeps wrestlers motivated, Coach Evans replied, "The thing that keeps wrestlers motivated is the same impetus which keeps individuals going in life. A desire to succeed and overcome. In life you have an opportunity to shine. In wrestling you have that same opportunity."

Murray Miller; scored a first place in the Northern Indiana Conference Tourney.

Jeff Patterson; received first place in the North Central Invitational, second in the N.I.C. Tourney, and fourth place in the Portage Holiday Tourney.

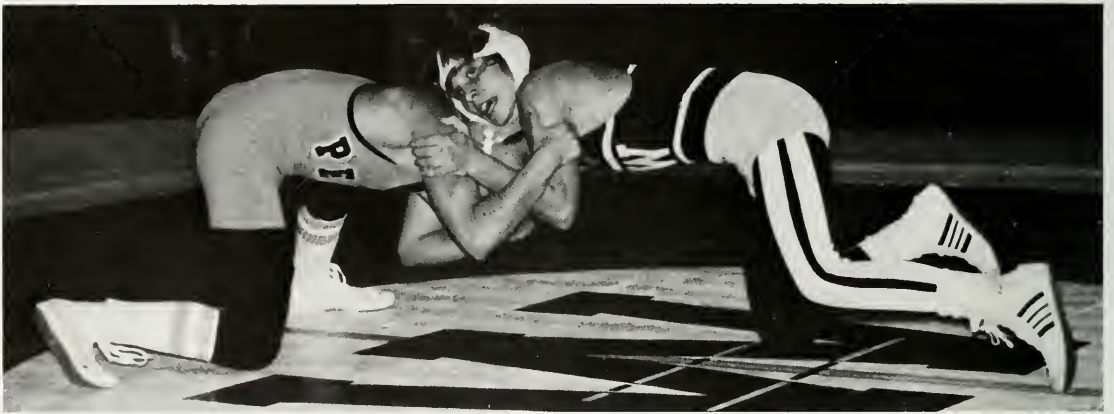

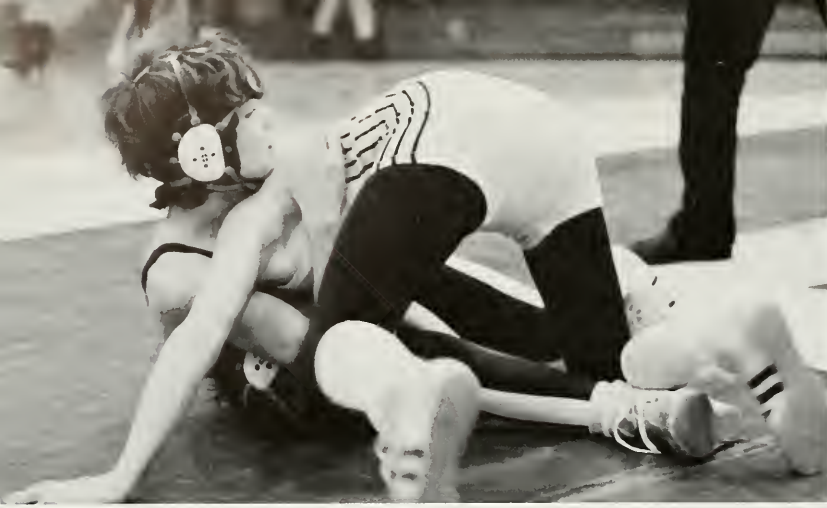

Jerry Jennings; scored firsts in the Sectionals, the Regionals, the N.I.C. Tourney, the North Central Invationals, and the Portage Holiday Tourney.

Doug Outlaw; got first places in the Portage Holiday Tourney, the N.I.C. Tourney, the Regionals, the Sectionals, and second place in the North Central Invitational, and "STATE TITLE".

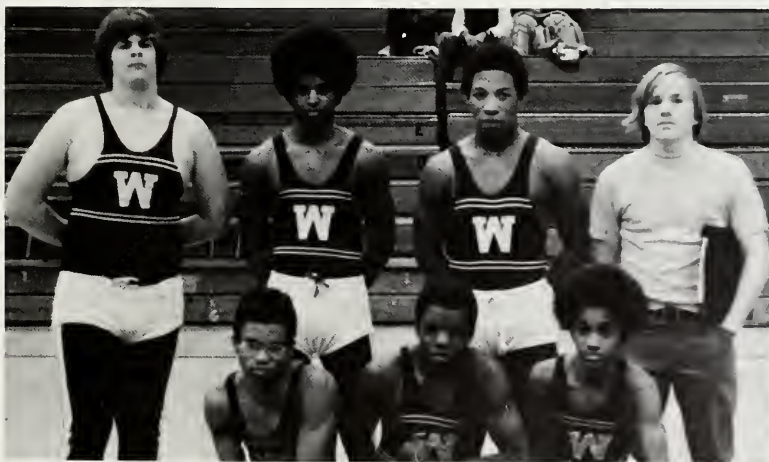

The Panthers finished the season with a dual meet record of 4 and 6, the best since Mr. Evans took over as coach. This record was a sort of thank you, because of the improvement in the wrestling styles of individuals such as Terry Reed, Murray Miller, Jeff Patterson, Bruce Black, Lyn Smith, and Ken Karczewski.

Two of the wrestling team's biggest assets this year were seniors Jerry Jennings and Doug Outlaw. Jennings took first place in the Portage Holiday Tourney, the North Central Invitational, and the Northern Indiana Conference Tourney, while Outlaw snatched blue ribbons in the Portage Holiday Tourney, and the Northern Indiana Conference Tourney.

Making it . . .

Activities play a major role in the life of a high school student. They can help him withstand the pressures of studying and homework, by taking his mind off his worries for an hour or two each day.

Band, cheerleading, student council, and a variety of clubs are just a few of the many activities students have the chance of becoming involved in when they attend Washington High School.

... Happen!

Homecoming 1974

This year's homecoming court was filled with both excitement and suspense before Tomasina Thompson was crowned as the 1974 football homecoming queen. She was escorted by Ivan Jennings. The other girls nominated for the court with their escorts were: Robin Alford and Rich Sobczak; Kathy Andrysiak and Norman Golba; Patty Bilinski and Brian Rydzinski; Carol Chwalek and Jim Zakrowski; Carol Erickson and Dennis Chrzan; Rhonda Fleming and Doug Outlaw; Connie Kaznia and Tom Machowiak; Jackie Townsend and Terry Phillips; and Donna Waddups and Clem Litka.

W.H.S. HOCKEY

"Nice try"

In the past Washington hockey was quite unpopular. This year, however, there were many loyal fans slowly learning the basic fundamentals of hockey. Throughout the seventeen week season, starting the first week of November and ending near the end of February, spectator count increased continually.

This season the team's ability improved over last year. The coach Jim Seese spent more time with the team than past coaches had. In return for Jim's time the team respected him, and that's what held the team together through victories and losses.

The team sponsored skating parties at the Ice Box to earn money for new jerseys. Dana Fish, a Washington graduate, was assistant-coach for the team as he was last season.

This year's team was lead by seniors, Dennis Chrzan and Mike Borrelli. Other seniors include Paul Bikowski, Vince Horvath, Tom Miller, Paul Ratajczak, and Mark Thompson.

School leaders, which included Student Council, Human Relations, class officers and advisory board, had two workshops this year. These students became aware of the things they need to get involved with during the 1974-75 school year.

They discussed many subjects; such as, problems at W.H.S.; the need for unity and friendship; and other interesting points concerning the students.

This year's officers for Student Council are: Pres.—Flora Shead; Vice Pres.—Lonnie Holvoet; Secretary—Rhonda Fleming; Treasurer—Sue Prentkowski; Executive Board—Theresa McElvene; Marcia Fleming and Kathy Wells; Sponsor—Mrs. Virginia Calvin.

Widawski, P. Zielinski

The National Honor Society was lead by a very talented English teacher, Mrs. Sell. To be a member of this organization you should acquire above-average grades, and should participate in school activities. The teachers of W.H.S. then voted on the approved students.

The members of the Society went out for Halloween and visited the nursing homes. At these nursing homes they entertained the old folks with some crazy get-ups and songs.

Keep up your grades, and then maybe you can strive to get into the National Honor Society.

Black History

The W.H.S. Black History Program was a success this year. The show was taken from Lorraine Hansberry, titled, "To Be Young, Gifted and Black."

A group of about twenty girls and guys combined to form a choir and sang, "Lift Every Voice" and "Raisin in the Sun". Another presentation was a skit done by four girls; while three other girls behind the curtain sang "Abraham, Martin, and John." Billie Canady (top left) performed a composition of her own, and Jeff Patterson (top right) presented a poem of his own creation.

A lot of the thanks should go to Ms. Bradshaw and Mr. Zorns who made this program possible, and also to the students who helped in putting the program together.

Faculty Vs. Students

This year's Student vs. Faculty Basketball Game was sponsored by the Seniors for Prom funds. (Top left) Mr. (Killer) Killeen tried to overtake Pete Z. but couldn't. New Attendance Policy Adopted

A new attendance policy has been adopted by the Board of Education. The new policy states that students who are absent from school for more than ten days in a semester will be considered as having dropped out of school. This policy is designed to encourage students to attend school regularly and to provide a clear consequence for chronic absenteeism.

The Board of Education also adopted a new policy regarding the use of the school bus. Students who are caught riding the bus without a valid pass will be fined \$5.00. This policy is intended to ensure the safety of all students and to maintain the proper use of the school bus.

The Board of Education also adopted a new policy regarding the use of the school library. Students who are caught using the library without a valid pass will be fined \$5.00. This policy is intended to ensure the proper use of the school library and to provide a safe environment for all students.

SOME NEW IDEAS IN HISTORY CLASS

Have you ever been historical? Most students would say no. But, in a new history class, students are learning about the past in a new way. The teacher, Mr. John Smith, has designed a new curriculum that focuses on the lives of the people who lived in the past. This new curriculum is designed to help students understand the past and to see how it has shaped the world we live in today.

Mr. Smith's new curriculum includes a variety of activities that help students learn about the past. These activities include reading, writing, and role-playing. Students are encouraged to think critically and to use their imagination to understand the past. This new curriculum is designed to help students develop a deeper understanding of the past and to see how it has shaped the world we live in today.

The 1975 yearbook staff was faced with a difficult problem. Putting out a book that would tell the story of a year at Washington High School. To attack this problem, the staff sent two seniors, Kevin Rendos and John Schymanski, to the Indiana High School Journalism Institute last June. At the Institute, which was held at the Indiana University of Bloomington, Kevin and John received the fundamentals of putting together a yearbook, as well as developing a ladder, and arriving at a theme for the 1975 Memory Lane.

Each section of Memory Lane had its own individual editor, who was responsible for making the lay-outs and writing the copy for this section. This year's section editors were: Bob Borlik—Student Life, Mary Ann Grabowski—Academics, Kathy Werwas—Activities, Kevin Rendos—Sports, Cheryl Strantz—Seniors, Terry Arch—Underclass, and Gene Arch—Advertising. These editors, under the leadership of their advisor, Mrs. Mary Hintz, met deadline after deadline to bring the Panthers of 1975 the very best yearbook possible.

"Curious Savage" is the story of a widowed millionaire who foolishly plans to give away most of her estate. Her children, wanting the fortune, have her committed to an institution. While in the institution Mrs. Savage becomes very close to the patients, make her children look like fools, receives a new outlook on life, and eventually wins her release.

The Glee Club was headed by a very talented music director, by the name of Dennis James Perry. Mr. Perry has been with us for three years teaching music, choreography, and the designing of props.

The Glee Club consists of three very active groups which are: Swing Choir, Concert Choir, and Girls' Choir.

The three groups performed for nursing homes, children's hospitals, Head Start programs, group organizations, clubs, and church groups.

One of the shows performed this school year was "Ragtime Showtime." For the first couple of months at school the choirs spent time on daily rehearsals, the making of costumes, and props in order to organize the show. Most of this was done before, during, and after school, for students who would like to learn or get more out of the music department.

"Ragtime Showtime" consisted of costumes for all the members in the choir, dances that were performed by the Swing Choir, and this show was one of the first sell-outs for many years at W.H.S.

Pom Pon Girls and Twirlers

Officers of the Pantherettes were: Brenda Blake and Penni Myers, co-captains; Diane Butiste, secretary; Laura Finch, treasurer; and Jayne Cooper, historian.

This past summer, nine girls Brenda, Jayne, Diane, Penni, Chrystal, Charmaine, Laura, and Mary Lou, attended Pom Pon camp. They brought home many honors a tribute to their squad and school.

This year they have performed such routines as: "Get Ready", and a light routine to "My Gang," and how did you like the Christmas routine?

They are certainly a squad to be proud of—The Pantherettes!

Holding up walls is a tiring job!

Ernie finds English boring.

In December 1972, Richard Sobczak, Mark Widawski, Larry Dipple, Dan Jaworski, Mike Witucki, Mark Haggengos, and Jim Lechtanski decided to save their empty beer cans and have built what is now called "The Trophy." As of November 1974, there are 1,245 cans. Every week more cans are added to "The Trophy" at "Subby's Friday Night Get-togethers."

Thank You

The Yearbook Staff would like to thank the following people for their contributions to the 1975 Memory Lane: Mr. Les Howell for the theme idea; Kathy Andrysiak, who designed the title page; Robert Borlik, who designed and constructed the cover; Lonnie Holvoet for her help with the advertising section; Mrs. Marilyn Fodor and the Hatchet Staff for sharing their journalistic know-how with

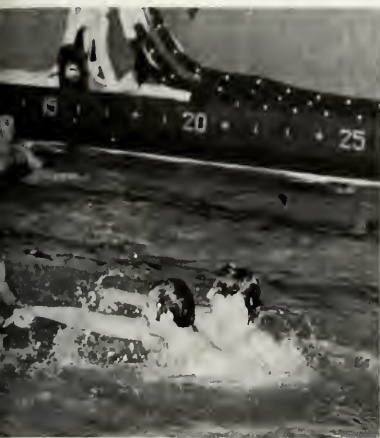

us; Mr. Derald Ailes, our yearbook representative from Newsfoto Yearbooks; Mr. David Weber, who directed our darkroom technicians in the photography lab; Mr. Raymond Patnaude, who always came through in an emergency; and most of all, we would like to thank our advisor, Mrs. Mary Hintz, who stood patiently by us all year, and without whom this book would not have been possible.

Making it . . .

. . . at WHS

Making it at Washington High School. Four years of homework, studying, tests, and teachers. But also, four years of dances, football games, clubs, and friends. Each year, around 400 new Panthers begin to wander the halls as Freshmen, full of questions about the school and themselves. By their Sophomore year, some of these questions have been answered, but new ones begin to arise. Their Junior year, they look back and say, "Two years down, and two years to go." But the realization that they soon must decide

what they are going to do with their life begins to creep up on them. By their Senior year, their class has dwindled in size. Some couldn't handle the pressures of school and ended up dropping out. But most make one of the biggest decisions of their life. They decide the direction their future will take. And when graduation day finally comes, and a diploma is put in the young graduates' hands, they can look back on what now seems a short stay at Washington, and say . . .

"... I MADE IT!"
